

MATERIAL SAFETY DATA SHEET

PENNZOIL® DOT 4 AND DOT 3 SUPER HEAVY DUTY BRAKE FLUID

1. PRODUCT AND COMPANY IDENTIFICATION

MSDS Number: 6445

Version Date: 08/15/01

Product Name: PENNZOIL® DOT 4 AND DOT 3 SUPER HEAVY DUTY BRAKE FLUID

Product Use: Brake fluid

Synonyms: DOT 4 AND DOT 3 SUPER HEAVY DUTY BRAKE FLUID

Company Information

SOPUS Products
P.O. Box 4453
Houston, TX 77210-4453
USA

Phone Numbers

2. COMPONENT INFORMATION

Component	CAS No.	Weight Percent Range	Hazardous in Blend
GLYCOL ETHERS	NONE	< 80	No
GLYCOLS	MIXTURE	< 10	No
CORROSION INHIBITOR	MIXTURE	< 1	No
OXIDATION INHIBITOR	MIXTURE	< 1	No
POLYGLYCOLS	MIXTURE	< 10	No

Under normal conditions of use or in a foreseeable emergency, this product does not meet the definition of a hazardous chemical when evaluated according to the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

Other: This product contains a maximum of 1.0% of diethylene glycol monomethyl ether (DGME).

3. HAZARDS IDENTIFICATION

Emergency and Hazards Overview

CAUTION: Contains glycols, glycol ethers and polyglycols.

NFPA Ratings: Health 1 Flammability 1 Reactivity 0

Primary Route of Exposure: Skin X Inhalation Eye

Health Effect Information

Eye Contact: Avoid eye contact. This product is practically non-irritating to the eyes upon direct contact. This product has a low vapor pressure and is not expected to present a hazard to the eyes at ambient conditions. Exposure to vapors generated under unusual conditions may be mildly irritating to the eyes. See Section 11 - Toxicological Information.

Skin Contact: Avoid prolonged and repeated skin contact. This product may cause slight skin irritation upon direct contact. May be absorbed through skin. However, no probable hazard exist from skin absorption. See Section 11 - Toxicological Information.

MATERIAL SAFETY DATA SHEET
PENNZOIL® DOT 4 AND DOT 3 SUPER HEAVY DUTY BRAKE
FLUID

Inhalation: This product has a low vapor pressure and is not expected to present an inhalation hazard at ambient conditions. Caution should be taken to prevent aerosolization or misting of this product. This product may be considered a low health hazard unless inhaled in very high concentrations. Acute and chronic overexposures may be irritating to the respiratory tract. Severe intoxication may lead to drowsiness, dullness, numbness, and headache followed by dizziness, weakness, and nausea. See Section 11 - Toxicological Information.

Ingestion: Do not ingest. Ingestion of large quantities may be harmful. See Section 11 - Toxicological Information. Small amounts swallowed incidental to normal handling are not likely to cause injury; swallowing large amounts may be harmful.

Medical Conditions Aggravated by Exposure: No information available

Other: No information available

4. FIRST AID INFORMATION

Eye Contact: Immediately flush eyes with large amounts of water and continue flushing until irritation subsides.

Skin Contact: Wash contaminated area thoroughly with soap and water. If redness or irritation occurs, seek medical attention.

Inhalation: This material has a low vapor pressure and is not expected to present an inhalation exposure at ambient conditions. If vapor or mist is generated when the material is heated or handled, remove victim from exposure.

Ingestion: If person is conscious, give large quantities of water immediately. Induce vomiting. Seek immediate medical attention.

Notes to Physician: No information available

Other: No information available

5. FIRE AND EXPLOSION INFORMATION

Flammable Properties

Flash Point: 250 F, 121.1 C

Test Method: ASTM D-93 (P.M.C.C.)

Flammable Limits in Air

Upper Percent: No data available

Lower Percent: No data available

Autoignition Temperature: No data available

Test Method: No information available

NFPA Classification: Class III-B combustible liquid

Extinguishing Media: Use water spray (fog), dry chemical, foam, or carbon dioxide.

Fire Fighting Measures

Special Fire Fighting Procedures and Equipment: Water may be ineffective but can be used to cool containers exposed to heat or flame to prevent vapor pressure buildup and possible container rupture. Caution should be exercised when using water or foam as frothing may occur, especially if sprayed into containers of hot, burning liquid.

Unusual Fire and Explosion Conditions: Dense smoke may be generated while burning. Carbon monoxide, carbon dioxide, and other oxides may be generated as products of combustion.

MATERIAL SAFETY DATA SHEET
PENNZOIL® DOT 4 AND DOT 3 SUPER HEAVY DUTY BRAKE
FLUID

Hazardous Combustion By-Products: No information available

Other: No information available

6. ACCIDENTAL RELEASE MEASURES

Personnel Safeguards: Consult Health Effect Information in Section 3, Personal Protection Information in Section 8, Fire and Explosion Information in Section 5, and Stability and Reactivity Information in Section 10. Remove all sources of ignition.

Regulatory Notifications: Notify appropriate authorities of spill.

Containment and Clean up: Contain spill immediately. Do not allow spill to enter sewers or watercourses. Absorb with appropriate inert material such as sand, clay, etc. Large spills may be picked up using vacuum pumps, shovels, buckets, or other means and placed in drums or other suitable containers.

Other: No information available

7. HANDLING AND STORAGE INFORMATION

Handling: Fire extinguishers should be kept readily available. See NFPA 30 and OSHA 1910.106--Flammable and Combustible Liquids.

Storage: Do not transfer to unmarked containers. Store in closed containers away from heat, sparks, open flame, or oxidizing materials.

Empty Container Warnings

Drums: No information available

Plastic: No information available

Other: No information available

8. EXPOSURE CONTROLS / PERSONAL PROTECTION INFORMATION

Exposure Limits and Guidelines

This product does not contain any components with OSHA or ACGIH exposure limits.

Personal Protective Equipment

Eye/Face Protection: Eye protection is not required under conditions of normal use.

Skin Protection: No skin protection is required for single, short duration exposures. For prolonged or repeated exposures, use impervious clothing (boots, gloves, aprons, etc.) over parts of the body subject to exposure.

Respiratory Protection: Respiratory protection is not required under conditions of normal use. If vapor or mist is generated when the material is heated or handled, use an organic vapor respirator with a dust and mist filter. All respirators must be NIOSH certified. Do not use compressed oxygen in hydrocarbon atmospheres.

Personal Hygiene: Consumption of food and beverage should be avoided in work areas where hydrocarbons are present. Always wash hands and face with soap and water before eating, drinking, or smoking.

Engineering Controls / Work Practices

Ventilation: General room ventilation is normally sufficient to prevent buildup of hazardous concentrations. If vapor or mist is generated when the material is heated or handled, adequate ventilation in accordance with good engineering practice must be provided to maintain concentrations below the specified exposure or flammable limits.

Other: No information available

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Clear to amber	
Odor: No information available	Vapor Pressure: < 1 mm Hg @ 68 F
Physical state: Liquid	Vapor Density (air=1): No data available
pH: No data available	Percent Volatile by Volume: 100
Boiling Point: 478 F, 247.8 C	Volatile Organic Content: No data available
Melting Point: Not applicable	Molecular Weight: No data available
Specific Gravity: 1.06	Average Carbon Number: No data available
Pour Point: No data available	Viscosity @ 100 F: No data available
	Viscosity @ 40 C: No data available
Solubility in Water: Soluble in water	
Octanol / Water Coefficient: Log K_{ow} = No data available	

10. STABILITY AND REACTIVITY INFORMATION

Chemical Stability: Stable

Conditions to Avoid: None

Incompatible Materials to Avoid: May react with strong oxidizing agents.

Other: No information available

11. TOXICOLOGICAL INFORMATION

Primary Eye Irritation: Animal testing has shown this product is practically non-irritating to the eyes upon direct contact (rabbit).

Primary Skin Irritation: No information available

Acute Dermal Toxicity: No information available

Subacute Dermal Toxicity: No information available

Dermal Sensitization: No information available

Inhalation Toxicity: No information available

Inhalation Sensitization: No information available

Oral Toxicity: No information available

Mutagenicity: No information available

MATERIAL SAFETY DATA SHEET
PENNZOIL® DOT 4 AND DOT 3 SUPER HEAVY DUTY BRAKE
FLUID

Carcinogenicity: No information available

Reproductive and Developmental Toxicity: Topical application of DGME at a high dose (750 mg/kg/day) produced slight embryotoxicity, fetotoxicity and maternal toxicity in rabbits. No adverse maternal, embryonic or fetal effects were observed at the low dose tested (50 mg/kg/day).

Teratogenicity: No information available

Immunotoxicity: No information available

Neurotoxicity: No information available

Other: Animal testing has shown this product to be non-toxic upon acute ingestion (oral LD50 > 5,000 mg/kg in rats), and non-toxic upon acute dermal exposure (dermal LD50 > 2,000 mg/kg in rabbits).

12. ECOLOGICAL INFORMATION

Aquatic Toxicity: Practically non-toxic to aquatic organisms; LC50 > 100 mg/L (fish).

Terrestrial Toxicity: No information available

Chemical Fate and Transport: Bioconcentration potential is low; Log Pow < 3.

Other: No information available

13. DISPOSAL INFORMATION

Regulatory Information: All disposals must comply with federal, state, and local regulations. The material, if spilled or discarded, may be a regulated waste. Refer to state and local regulations. Department of Transportation (DOT) regulations may apply for transporting this material when spilled.

Waste Disposal Methods: Waste material may be landfilled or incinerated at an approved facility. Materials should be recycled if possible.

Other: No information available

14. TRANSPORTATION INFORMATION

U.S. Department of Transportation (DOT)

Highway / Rail (Bulk): Not Regulated

Highway / Rail (Non-Bulk): Not Regulated

The DOT description is provided to assist in the proper shipping classification of this product and may not be suitable for all shipping descriptions.

16. OTHER INFORMATION**Health and Environmental Label Language**

CAUTION: Contains glycols, glycol ethers and polyglycols.

PRECAUTIONARY MEASURES: Do not ingest. Avoid eye contact. Avoid repeated & prolonged skin contact. Wash thoroughly after handling.

FIRST AID: Ingestion: If swallowed, IMMEDIATELY contact a poison control center, emergency treatment center, or physician. Eye contact: Flush with water for 15 minutes. If irritation persists, call physician.

INSTRUCTIONS IN CASE OF SPILL: Soak up with absorbent material.
